# History of the University

Since the school's founding in 1946, Truett McConnell University has been an institution rich in a history of God's provision and dedication to provide students with a biblically-centered education.

From its humble beginnings in a building that now stand as a hardware store, TMU stands today on more than 200 acres in the beautiful foothills of the Blue Ridge Mountains in Northeast Georgia.

Because of the school's distance from Southern Baptist seminaries, Truett McConnell's original intent included training for pastoral ministry. Although the same focus is true, the university now offers more than 27 programs of study, thus equipping graduates for religious and marketplace career paths that include: Missions, Christian Studies, Music, Nursing, Education, Exercise Science, Business Administration, Criminal Justice, History, Humanities, Psychology, Biology, Education, English, World Missions and more, as well as a master's program in Theology.

Initially accredited in 1966 to confer two year degrees, the Southern Association of Colleges and Schools Commission on Colleges approved the college to offer four year degrees in 2002. In December 2013, SACSCOC approved Truett McConnell to offer a Master of Arts in Theology degree.

The university's enrollment history reveals growth spurts and declines. However, in 2008, trustees named Dr. Emir Caner as president. Since his arrival, the enrollment of about 450 has rocketed consistently upward in double-digit percentage growth.

# **Mission Statement**

The mission of Truett McConnell University is to equip students to fulfill the Great Commission by fostering a Christian worldview through a biblically-centered education.
