Periodically during the academic year the Truett McConnell University Office of Public Safety, in cooperation with other University organizations and departments, strive to present crime prevention and awareness sessions on sexual assault (rape and acquaintance/date rape), theft, and common-sense safety tips.

A common theme of all crime prevention and awareness programs offered is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the campus community through security alerts posted at the entrance to residence halls, throughout the campus, electronic email, campus calendar, and text messages.

Alcohol and Substance Abuse Information

Prevention Methods

The University has developed a way to help prevent the illicit use of drugs and the abuse of alcohol by students and employees. The goal is to provide service related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals, and University disciplinary actions.

The University recognizes that drug dependencies and alcoholism are illnesses, and the University will provide information to any employee or student seeking assistance. Employees and students will not be discriminated against because they responsibly seek help with their illness, but the institution has zero tolerance for users and abusers who do not responsibly seek and utilize counseling and treatment services. Students may contact the Office of Student Development for referral to counselors and treatment centers. All students' and employees' rights privacy will be maintained regarding information of treatment and diagnosis, except in cases wherein notification of state or federal authorities is required by law.

The possession, sale or the furnishing of alcohol on the University campus is governed by Truett McConnell University Alcohol Policy and Georgia State Law. Truett McConnell University also condemns the inappropriate behavior resulting from alcoholic beverage abuse. Alcohol abuse is characterized by uncontrollable behavior which infringes upon the rights of others, potential danger to self or others, or use of alcohol outside the parameters of state and/or University policy. Truett McConnell University neither encourages nor discourages the use of alcoholic beverages in general but does restrict its possessions and consumption on campus.

- It is illegal for persons under 21 years of age to possess, consume or purchase alcoholic beverages.
- It is illegal for any person to furnish alcoholic beverages to persons less than 21 years of age.
- It is illegal to furnish, sell, or provide alcoholic beverages to a person who is in a state of noticeable intoxication.
- It is illegal to charge admission to events where alcohol is provided, unless a license for sale of alcoholic beverages has been obtained.
- It is illegal for persons under the age of 21 to misrepresent (fake I.D.) themselves for the purpose of obtaining an alcoholic beverage illegally.
- It is illegal in the City of Cleveland to carry an open container of an alcoholic beverage.

The Cleveland Police Department and White County Sheriff's Office have primary jurisdiction in all areas of campus.

The Truett McConnell University campus has been designated "Drug Free." The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and

federal laws, and the Truett McConnell University Office of Public Safety also strictly enforces such laws. Violators are subject to University disciplinary action, criminal prosecution, fines, and imprisonment.

Sexual Assault Prevention and Response

The University educates the student community about how to deal with sexual assaults and date rape through the use of the Student Handbook that is available on our website at www.truett.edu.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. Truett McConnell University Office of Public Safety strongly advocates that a victim of a sexual assault report the incident in a timely manner. Time is critical factor for evidence collection and preservation. An assault should be reported directly to a Public Safety Officer and/or Resident Assistant. Filing a report with the Truett McConnell University Office of Public Safety or its staff within will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam)
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention

When a sexual assault victim contacts the Truett McConnell University Office of Public Safety, the Cleveland Police Department will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system or not.

Truett McConnell University Office of Public Safety will assist the sexual assault victim regardless of the jurisdiction or when the assault occurred.

University disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct are detailed in the Student Handbook.

Truett McConnell University Residence Life Staff and Truett McConnell University Office of Public Safety officers are trained to address occurrences of sexual assault appropriately.

Sexual Offender Registration

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal requires state law enforcement agencies, (Georgia Bureau of Investigation) to provide Truett McConnell University with a list of registered sex offenders who

have indicated that they are enrolled, employed, or carrying on a vocation at Truett McConnell University.

To access the registry of the registered sex offenders, please visit <http://www.ganet.org/gbi/disclaim.html>.

The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.
